

Daniel Busse

M. Eng – Telematics

Master's graduate in Telematics with a focus on Machine Learning and Computer Vision. Experience in developing and training machine learning models as well as building data pipelines using Python, PyTorch, and Spark. Seeking an entry-level position in ML, CV or automated vehicle systems.

Education

- 09/2021 – 09/2026 **Technical University of Applied Sciences, Wildau** — *Master of Engineering*
Focused on vehicle automation and image recognition
Thesis: *Image Data Curation in the Agricultural Domain: Using Deep Neural Networks and Image-Text Alignment*
- 09/2015 – 08/2021 **Technical University of Applied Sciences, Wildau** — *Bachelor of Engineering*
Focused on image recognition and robotics
Thesis: *Lane detection with a 3D camera in a Robotic Operating System with Open Computer Vision*
- 09/2009 – 08/2015 **Friedrich-Wilhelm Gymnasium, Königs Wusterhausen** — *Abitur (A-Level)*

Work Experience

- 01/2025 – 10/2025 **John Deere, Kaiserslautern** — *Master student*
Master thesis research: image data curation in the agricultural domain with the help of multimodal deep neural networks
- 09/2021 – 12/2023 **Wildauer Maschinen Werke, Wildau** — *Research assistant*
Development of a lane-detection-algorithm with OpenCV in a ROS environment for 1:14 scale trucks
- 08/2016 – 02/2017 **HRZ-TH-Wildau, Wildau** — *Student assistant*
- 11/2018 – 02/2019 Installation, implementation and administration of servers and applications in the university segment (Cloud, IDPs, AAI).
- 03/2017 – 04/2017 **IBZ – Engineering Office Zissel, Wildau** — *Intern*
Development of a Java-Application for analysis of RFID-Tag behavior

Selected Projects [See more](#)

- 2022 – 2023 **Telematikprojekt** — *Autonomous Drone for measuring radiation*
- 2021 **Bachelor Thesis** — *Lane detection with conventional image recognition*
- 2018 **“NaoLino”** — *Object detection with a Nao-Robot*

Tech Stack

- | | |
|------------------|---|
| Prog.-languages | Python, C++, Java, C, JavaScript, Typescript, SQL |
| Machine Learning | PyTorch, Lightning, OpenCV, MLflow |
| Data | Spark, Pandas, NumPy, Matplotlib, Seaborn, Databricks |
| Web | React, Node.js, REST APIs |
| Tools | Git, Docker, Linux, Jupyter, Git, GitHub Actions, Bash, npm |

Soft Skills

Languages German (native), English (C1)

Key Skills Team player, creative, receptive to criticism, curious, self-learning, observant

Personal Interests Game Development (with the Godot engine), making music
